

WHAT LINKS POWER TO THE WORLD?

Cable solutions to support the development of the world's energy infrastructure

Prysmian solutions exist to help grid operators and utilities, industrial companies, electrical wholesalers and installers generate and distribute the energy that powers every aspect of our world.

From submarine to high, medium and low-voltage cable solutions, we apply innovation and a commitment to helping customers achieve sustainable, profitable growth, our best-in-class technology can be found at the heart of many of globally significant projects, where power transmission and distribution are critical in the development of tomorrow's communities.
