Introduction

By resolution of 19 April 2023, the Ordinary Shareholders' Meeting approved a long-term incentive plan reserved for employees and executive directors of Prysmian S.p.A. (the "**Company**") and Prysmian Group companies (the "**2023-2025 Plan**"), described in the information document prepared pursuant to art. 84-bis of the regulation adopted by Consob with resolution no. 11971 of 14 May 1999, as subsequently amended, available on the Company's website www.prysmian.com (in the *Company/Governance/Remuneration* section).

The 2023-2025 Plan provides for the free allocation of ordinary shares of the Company to the shareholders. These actions are expected to derive from a capital increase to be carried out through the use, pursuant to art. 2349 of the Italian Civil Code, profits or reserves from profits and, if necessary on the basis of the regulations of the plan itself, from treasury shares of the Company. In order to ensure sufficient provision of shares to service the 2023-2025 Plan, on the proposal of the Board, the aforementioned Shareholders' Meeting, in extraordinary session, had resolved to increase the share capital free of charge for a maximum nominal amount of Euro 950,000.00, through the assignment pursuant to art. 2349 of the Italian Civil Code of a corresponding maximum amount taken from the "Reserve for the issue of shares pursuant to Article 2349 of the Italian Civil Code", with the issue of no more than 9,500,000 ordinary shares (the "**2023 Resolution**") to be reserved for participants in the 2023-2025 Plan.

Finally, the Extraordinary Shareholders' Meeting had amended Article 6 of the Articles of Association to implement the resolution to increase the share capital, adding the following paragraph:

"The Extraordinary Shareholders' Meeting dated 19 April 2023 resolved to increase the share capital for a maximum amount of Euro 950,000.00, through the award under art. 2349 of the Italian Civil Code, of an equivalent amount deriving from the "Reserve for share issue as per article 2349 of the Civil Code", with the issue of up to no. 9,500,000 ordinary shares through the allocation to capital of Euro 0.10 for each share issued, to be offered free of charge to the beneficiaries of the incentive plan approved by the Ordinary Shareholders' Meeting of 19 April 2023, and to be carried out by the final date of 31 December 2027".

In view of the above, the Board of Directors proposes to reduce the aforementioned share capital increase to service the 2023-2025 Plan from the current maximum nominal amount of Euro 950,000.00, corresponding to no. 9,500,000 new ordinary shares, not yet executed, to maximum nominal Euro 600,000.00, corresponding to no. 6,000,000 of new ordinary shares, by revoking the 2023 Resolution and adopting a new shareholders' resolution with consequent adaptation of Article 6 of the Articles of Association.

1. Reasons and destination of the Capital Increase

The proposal to revoke the 2023 Resolution is the result of recent analyses of the actual number of shares to be made available in the 2023-2025 Plan, given the performance results achieved in the reference period, which led to the conclusion that a lower number of shares than estimated at the time of the launch of the aforementioned plan was sufficient. This is also in light of the significant increase in the value of Prysmian shares during the life of the 2023-2025 Plan, which has an impact on determining the number of deferred shares and matching shares actually assigned.

Therefore, in order to reduce the maximum number of shares that can be allocated free of

charge to the participants of the 2023-2027 Plan, the Board proposes a reduction in the capital increase to service this plan from the current maximum nominal amount of Euro 950,000.00, corresponding to no. 9,500,000 new ordinary shares, to maximum nominal amounts of Euro 600,000.00, corresponding to no. 6,000,000 of new ordinary shares (the "2026 Resolution").

The purposes of the 2023-2025 Plan, which would remain unchanged and to which reference is made, are considered to justify the remaining, also with reference to the 2026 Resolution, of the exclusion of pre-emption rights in favor of shareholders.

The capital increase referred to in Resolution 2026, which replaces the revoked Resolution 2023, is at the exclusive service of the aforementioned 2023-2025 Plan and is therefore exclusively intended for employees of Prysmian S.p.A. and of Italian and foreign companies of the Prysmian Group, pursuant to art. 2349 of the Italian Civil Code, including the Company's Executive Directors.

The shares may also be issued in several tranches over the duration of the capital increase resolution, and in any case by the deadline of 31 December 2026.

2. Features of the Shares

The Company's shares that may be assigned to the beneficiaries of the 2023-2025 Plan will have dividend rights equal to that of the Company's ordinary shares currently outstanding and will therefore bear the coupons outstanding on that date. However, there may be challenges to the availability of the shares applicable to the participants in the Plan.

3. Amendment to the Articles of Association as a result of the resolution proposing the capital increase

The revocation of the 2023 Resolution and the approval of the new 2026 Resolution entail the need to adapt Article 6 of the Articles of Association accordingly.

In particular, the current third paragraph of Article 6 of the Articles of Association will be amended as indicated below in the comparative comparison of the current text with the amended one to take into account the proposal described above.

Finally, it should be noted that some paragraphs of art. 6 of the Articles of Association are subject to further amendments by the Extraordinary Shareholders' Meeting in the context of other items on the agenda.
